Dear Quilting Enthusiast:

Let your creativity blossom into fun quilting projects and participate in “**Quilting for a Cure,**” the theme for quilted projects at the Delaware County Fair from August 14-19, 2017! Do you have quilts or quilted project treasures you have made from scraps, recycled clothes, appliqued or new fabrics that you would like to display at the fair this year? So many quilts are made each year to help others in need and to support worthy causes in the community, to raise funds for research to fight disease and give people hope for a cure (see enclosed current newsletter on cancer resources and initiatives in New York State).

We invite you to display a quilted project at the Delaware County Fair and participate in our fair exhibit this year which will focus on safety of food and family.

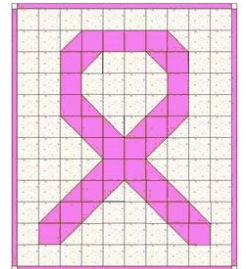

You will find a copy of the project guidelines (on the back of this letter) to share with quilters and quilt groups in your area. We would like to feature quilts and quilt projects at the fair that will encourage others to make a quilted project or quilt. Please return the project information slip at the bottom of this letter to let us know if you would like to participate in this quilting project and demonstrate quilting at the Delaware County Fair.

We would like to thank all quilters and quilt groups who completed quilted projects in 2016; all quilted project donations were given to Relay for Life. We look forward to your participation at the 2017 Delaware County Fair as we share quilting treasures that will inspire others to get “**Quilting for a Cure.**”

Happy quilting,

Jeanne M. Darling
