

# ByeBrook Farm

## GOUDA GHEESE

We are an 8th generation working dairy farm in Bloomville, NY. Paul, Gwen, Dennis and Sami are the stewards of the 40-cow milking herd, which include 35 Youngstock, the pastures the herd graze and crops to nourish the cattle.

Gwen & Paul also have a passion for producing the delicious Gouda cheese ByeBrook Farm has become known for. The farmstead creamery is a point of pride we have been able to grow into after years of cultivating this aspect of our farm enterprise.

We have a farm store on location where we offer our own raw milk, Gouda cheese & eggs. We also have syrup, honey, cheese curds, ice cream, pies, bread, pot pies, soap, potholders and more to serve the needs of our community.
