

# Clark Farms Creamery

**MILK,  
CREAM CHEESE**

Nestled in the valley on Elk Creek Road in Delhi, New York stands the original farm house and barn of Clark Farms founder, Peter Clark. Built over a century ago, these buildings are still used for farming today, as his legacy continues five generations later. With a history rich in family values, education, environmental preservation, and progressive agricultural practices, Clark Dairy Farms continues to exemplify top quality production and the love of all things dairy.
