

New York State Grown and Certified Grant Program Workshop

10am – 3pm, November 9th, 2017
CCE Education Center, 34570 State Hwy 10,
Ste 2, Hamden, NY 13782
\$10 per person (includes lunch)

New York producers who follow a higher standard of food handling and environmentally responsible practices will gain access to a variety of program benefits.

Becoming one of New York State Grown & Certified's qualifying producers will increase sales due to the resulting demand, while costing your business nothing to participate.

Workshop space is limited to 30 participants. To register, call (607) 865-6531 or email ceh27@cornell.edu

\$1.5 million is available through the Environmental Protection Fund to help farms implement an Agricultural Environmental Management plan, and a reimbursement of up to \$1,000 is available for growers who participate in a third party audit of safe food handling practices. This funding will help more farms join the certification program. For more information, visit:
